

\$20.8 MILLION JURY VERDICT

The law firm of Fitzgerald & Fitzgerald PC fights for brain injured kids. Kids like Francis S. a bright and playful boy until the age of 7 when he was significantly brain damaged by medical malpractice. Doctors failed to give him the exchange transfusion he needed to treat his sickle cell crisis.

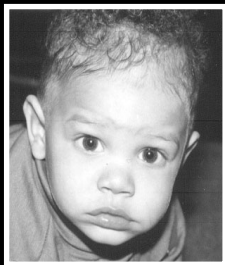

Our Malpractice Team called 3 nationally renowned medical doctors as expert witnesses and obtained a jury award in the Bronx of \$20.8 million.

Both before and after birth the undeveloped brains of children can be significantly injured. Injuries may include:

Cerebral Palsy
Seizures
Learning Disability
Mental Retardation
