

Brooklyn Jury Awards

\$94 Million

Congratulations to Trial Attorney

JIM WILKENS

**and the entire Medical Malpractice Team
at Fitzgerald & Fitzgerald, PC**

Jonathan P. was born in 1993 after a 6 1/2 month pregnancy. He suffers from cerebral palsy as a result of neonatal respiratory distress. Fitzgerald & Fitzgerald, PC brought suit against St. John's and Interfaith Hospitals and 3 treating doctors charging malpractice in the management of this high risk pregnancy. F&F Senior Trial Attorney, Jim Wilkens, motivated the attentive, fair-minded Brooklyn jury to award full compensation for Jonathan's devastating injuries.

"We fight for kids' rights"

Both before and after birth, the undeveloped brains of babies / children are particularly susceptible to injury. Good care during medical treatment is required. Failure to provide good care to a pregnant mom or her baby can result in devastating injuries including:

Learning Disabilities

Erb's Palsy

Cerebral Palsy

Mental Retardation

Seizure Disorder
