

LEAD POISONING CAN DAMAGE YOUR CHILD'S BRAIN

" we fight for your rights "

FITZGERALD & FITZGERALD, P.C.

1-800-323-9900

Lead poisoning is totally preventable. Young children in older buildings become poisoned from lead paint through normal hand to mouth activities.

Even low blood lead levels can cause:

- **Learning Disabilities**
- **Loss of IQ**
- **Retardation**
- **Hyperactivity**
- **Attention Deficit Disorders**

CALL US EVEN IF ANOTHER LAWYER HAS REJECTED YOUR CASE
